REQUEST FOR WAIVER & REVIEW

To Whom It May Concern:

Lamar School District (Billed Entity Number 139702) is requesting a deadline waiver request for Application #693070.

Greg Tindell (who no longer handles the district's E-rate filings) was contacted on May 14<sup>th</sup>, 2009 by Program Integrity Assurance (PIA) to obtain the District's Item 21 documentation and FCC FRN. Mr. Tindell tried repeatedly to upload his Item 21 attachment via the SLDs on-line system, but was unsuccessful.

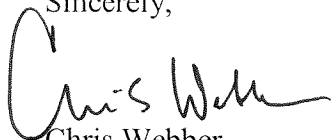

On May 28<sup>th</sup>, 2009, Mr. Tindell called the SLD's help line to obtain further guidance about uploading attachments to the SLD's system. The SLD assigned case number 21-901646 to this call, and informed him that he could fax or email the attachments in addition to trying to upload the information via the website. The very next day Mr. Tindell did fax the Item 21 to USAC (see fax confirmation page).

Despite having sent in the appropriate information on June 16<sup>th</sup>, the SLD issued a Funding Commitment Decision Letter denying all of the funding for application number 693070 explaining that the "Applicant has not provided...documentation for item 21 and FCC FRN#."

We ask that that the decision of the SLD be reversed by the FCC, and any corresponding deadlines be waived. As a matter of convenience, we have included the Item 21 attachment and FCC FRN # with this appeal.

All correspondence and questions should be directed to Chris Webber – contact information below.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Webber". The signature is fluid and cursive, with a large initial "C".
